Temporäre SafeLadder

Code N° SAL001-SAL005 / SAL030 / SLA019 / SAL020

# FALLPROTEC

May 2018

## Description

The mobile SafeLadder with hooks is a safe and discreet access solution for high end residential and office buildings. A small fixing bracket is installed permanently at the hatch or the roof. The ladder itself can be stored in the building service rooms.

## Advantages

- Easy to install and take away
- Integrated fall arrest rail
- Rigid and stable ladder
- Does not apply any force on the facade
- Reaching heights up to 5m
- Possibility of custom-made solutions with Fallprotec's engineering department

Compliant with EN 353-1:2002  
MADE IN EU

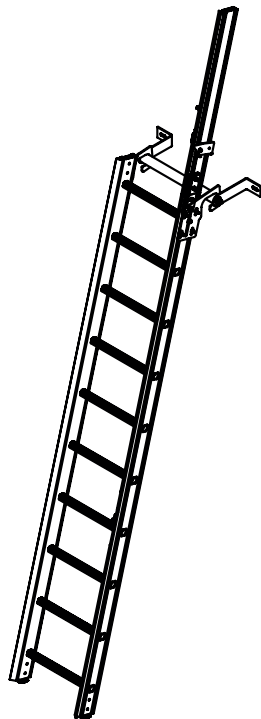

x 1

## Technical specifications
